

5 tips to become a low impact tourist

Recommendations for preserving the beauty of this gorgeous island.

BRING YOUR REUSABLE BOTTLE

1

Avoid single use plastic bottles to hydrate yourself and take your reusable bottle everywhere.

If you don't have one... The Cleanwave bottle is made of long lasting stainless steel that avoids 1,5 500ml plastic bottles in every refill. Get yours using this QR on the right.

By using this bottle once a day, you avoid more than 500 plastic bottles (0,5L) per year.

2 DOWNLOAD THE REFILL POINTS "MAPP"

2

+100 refill points around the island to refill your reusable bottle for free - stay hydrated!

3 VISIT AN UNDERWATER FOREST UNDER RESTORATION

3

Book an eco-tour with MedGardens and visit the project site located in Sant Elm while enjoying the amazing views to the Marine Protected Area of Sa Dragonera.

4 BUY LOCAL PRODUCTS

4

Buy Km.0 products - made in the island by islanders. From groceries to souvenirs. Support local economy.

@silviamusfotosub

5 DO NOT SHARE LOCATIONS ON INSTAGRAM

5

Keep this valuable information to your close ones. Instagram over crowded remote places. Let's not trigger that. Please :)

thanks for supporting the sustainability of tourism
